### SUMMARY

Versatile Full Stack Developer with a bachelor's in computer engineering and a proven track record of delivering scalable, high-performance web applications. Expert in the React and Django ecosystem, with extensive experience bridging complex backend logic with intuitive, responsive frontend design. Adept at managing the full development lifecycle, from RESTful API architecture and real-time data integration to automated testing and quality assurance. A results-oriented problem solver committed to writing clean, maintainable code to solve real-world business challenges.

---

### Core Skills

#### Languages & Frameworks

Django, ReactJS, Tailwind CSS.

#### Tools & Technologies

RESTful APIs, MySQL, PostgreSQL, Git & GitHub, Test Automation (Jest, PyTest), Responsive Design.

#### Soft Skills

Problem Solving, Collaboration, Technical Support, Agile Teamwork.

---

### PROFESSIONAL EXPERIENCE

#### IT Support Officer

**Abili Integrated Services Limited, Port Harcourt, Rivers State.**

**Aug 2025 – May 2026**

- Integrated drone technology with central servers to facilitate real-time data streaming for high-level security operations.
- Monitored live data streams and provided consistent progress reports and status updates to management.
- Resolved diverse IT-related issues across the company, ensuring minimal downtime for departmental hardware and software.
- Assisted the ICT department in maintaining stable connections for drone-to-server communication.

#### IT Support Specialist

**Primestone Legal Practitioners, Owerri, Imo State.**

**Jan 2025 – Jun 2025**

- Provided end-user technical support, resolving system, network, application issues.
- Maintained and updated the firm's website, ensuring responsiveness and cross-device compatibility using Bootstrap.
- Assisted with hardware setups, software updates, and data backup systems.
- Trained staff on productivity tools and IT best practices.
- Supported daily IT operations including email configuration, printer setups, and minor server-side issues.

#### Full Stack Engineer

**Goglow Nigeria Limited (Goglow Hub), Owerri, Imo State.**

**May 2023 – Dec 2024**

- Developed RESTful APIs and integrated them with dynamic frontend interfaces built in React.
  - Created reusable components and implemented state management using Redux.
  - Designed Django backend architecture including models, views, and admin interface.
  - Styled applications using Bootstrap, ensuring clean, mobile-friendly UI.
  - Wrote unit tests using Jest and PyTest to ensure code quality.
  - Used Git for version control and followed clean code practices with ESLint.
- 

### PROJECTS

#### Official Website of Primestone Legal Practitioners

*Tech Stack: Bootstrap, PHP, PHPMailer, HTML5, CSS3, JavaScript.*

- Developed the official website for a law firm, featuring services pages, attorney profiles, and a contact form.
- Designed a fully responsive layout using Bootstrap, ensuring accessibility across all device sizes.
- Implemented a working PHP-based contact form integrated with PHPMailer to route submissions directly to the firm's email inbox.
- Ensured performance, usability, and cross-browser compatibility across all pages.
- Deployed the site on Namecheap and maintained ongoing updates and support.
- Website: <https://primestonelp.com>

### ***Primestone Web Application (Update UI Version)***

*Tech Stack: React, Tailwind CSS, Django REST Framework*

- Redesigned and updated the Primestone web application with modern user interface focused on improved usability and cleaner navigation.
- Built responsive frontend components using React and Tailwind CSS while integrating backend services with Django Rest Framework.
- Maintained the core functionality of the previous version while improving visual consistency and overall user experience.
- Prepared the platform for future operational deployment and scalability.
- Live Preview: <https://prime-stone-one.vercel.app/>

---

### **EDUCATION**

**Bachelor of Engineering in Computer Engineering**

**MADONNA UNIVERSITY, Elele, Rivers State**

**Oct 2019 – Nov 2024**
